# **HIGH SCHOOL ELECTIVES**

**\*Note: The following electives are for High School Students only unless specified**

# AMERICAN SIGN LANGUAGE I

1.0 Credit    M/W both semesters

**ASL 1 is an introduction** to American Sign Language for students with little or no previous knowledge of ASL. This class focuses on building a strong foundation by teaching:

- Basic vocabulary and everyday phrases
- Fingerspelling and numbers
- Simple grammar structures and sentence formation
- An introduction to Deaf culture, history, and community
- Application of skills through games and activities

## **Expectations**

- Actively participate in class activities
- Practice signing and fingerspelling daily
- Respect and follow the "voices off" policy

## **Voices Off**

This means students are expected to communicate using only ASL, gestures, or written language. Students are not just learning a new language; but also learning the culture so this is important to support the learning environment and to show cultural respect. Full immersion helps develop better receptive and expressive skills. Using the voice will distract and interfere with the learning process. Students must use their eyes to "hear". This is very important!

## **Progression and Evaluations**

To ensure students are prepared for the next level, regular evaluations through quizzes and tests will be conducted throughout the course. These evaluations assess:

- Vocabulary retention
- Fingerspelling fluency
- Basic conversational skills
- Receptive and expressive skills
- Understanding of Deaf culture

*Continued next page...*

Parents and students will be able to see this progress throughout the year. Before enrollment begins for the next year, parents will receive a final student evaluation to determine student readiness for ASL 2. Advancement to the next level requires demonstrating proficiency in these core areas mentioned above in addition to teacher approval. Students who do not meet these benchmarks may be encouraged to review ASL 1 content before moving forward.

If you have any questions about these course descriptions, please feel free to contact us. We look forward to having your student in our class!

Students will read *Show Me A Sign*. The book will be loaned to students and returned after use.
